

# Assessment of Value PUTM Bothwell Index - Linked Sterling Hedged Fund ("the Fund")

30 September 2022

Dear Investor,

## Assessment of Value for PUTM Bothwell Index - Linked Sterling Hedged Fund ("the Fund")

The FCA requires all UK regulated Authorised Fund Managers (AFMs) to perform an annual Assessment of Value ("AoV") for each unit class of each of the funds being managed. Regulations require the output of this assessment to be made publicly available in an annually published report providing investors with a comprehensive view on the value of the funds and context to any corrective action, if any, required by the AFM.

This report has been prepared by Phoenix Unit Trust Managers Limited ("PUTM") to enable you to make an assessment of value of the Fund. It is part of our ongoing dialogue with you to ensure that your objectives are being identified and met.

#### **Background to Assessment of Value**

Assessment of value requires consideration of a specific set of criteria defined by the FCA. These are outlined in the FCAs "seven pillars" which are summarised in this report, along with the outcome of each assessment illustrated by a Red, Amber or Green rating.

In performing the assessment of value, PUTM as the AFM of our funds, have taken into account a combination of factors, including the return achieved, price paid, risk taken and the quality and range of services provided by the asset manager. This has been considered in the context of the investment objectives and policy for the fund, the target investor, the recommended holding period, market comparisons including the ability to take advantage of economies of scale.

## **Overall Fund AoV Outcome**

PUTM are comfortable that the Fund meets the required Assessment of Value criteria. This is summarised below and further details are available in the next page.

Fund	Quality of Service	Performance	AFM Costs	Economies of Scale	Comparable market rates	Comparable Services	Classes of Units	Overall Fund Rating
PUTM Bothwell Index - Linked Sterling Hedged Fund 2021								
PUTM Bothwell Index - Linked Sterling Hedged Fund 2022								

#### **Conclusion:**

PUTM are generally comfortable that the Fund meets most of the required Assessment of Value criteria. However, the persistent Fund's underperformance relative to the benchmark index has maintained the Amber rating in Performance. PUTM are reviewing the mandate parameters of the Fund to check they are appropriate in delivering to the Fund's investment objective, and if not, relevant changes will be proposed to the mandate.

### The Board of Phoenix Unit Trust Managers Limited

# Assessment of Value Criteria

Pillar 1: Quality of Service		
This pillar focuses on the range and quality of services provided to unitholders. When assessing the quality of s suggests the AFM should have regard to the quality of service it provides and the quality of service provided by provider to the AFM on its behalf. In addition, consideration is made of the quality of the investment process us managing the scheme property. We have also taken into account the level and type of customer complaints, but service provider issues as appropriate.	a delegated external service ed to make decisions about
